Contact

- Contact info
 - office : D-126
 - e-mail : ziyacihantaysi@gmail.com
- When to contact
 - e-mail first,
 - take an appointment
- What to expect
 - help on your problems about the course and your projects
 - you should have "spent some time" on it !!!

22.2.2015

Yildiz Technical University - Department of Computer
Engineering

2

General Information

- **Lecture Hours:**

- Wednesday between 09:00-11:00 @ D-011

- **Lab Hours:**

- Monday 17:00 - 19:00
- The schedule will be announced. Please check webpage at <https://www.ce.yildiz.edu.tr/personal/cihan>

Course Outline

- **Review of “Introduction to Computer Engineering II” course**
 - data types, control flow, and so on...
- **C preprocessor**
- **Storage classes**
 - scope & duration
- **Arrays**
 - Strings, multi-dimensional arrays, pointers
- **Dynamic memory allocation**
 - multi-dimensional

Course Outline Cont'd

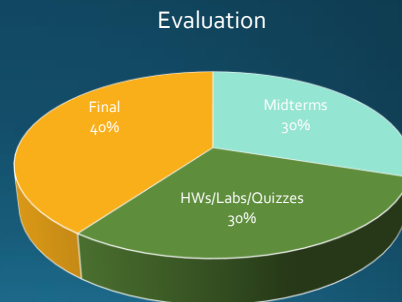

- **Functions**
 - parameter passing, return values
 - recursion
 - function pointers
- **Structures**
 - structures, unions
 - linked lists
- **FILE I/O**
 - high level operations
 - file descriptors, low level functions

Course Material

- **Lecture notes**
 - slides available at www.ce.yildiz.edu.tr
- **Web resources**
 - Always make reference to resources !
- **Book** : Darnell P. A. and Margolis P. E., C: A Software Engineering Approach, 1996 (3rd) edition

Grading Policy

- Two midterms
 - 8th week
 - 13th week
- Homeworks
 - a few
- Labs
 - at least 8
- One final exam

Please Do NOT !!!

- try to take credit for work done by someone else.
- reuse the same work for more than one class.
- use any resource not permitted by the instructor during an exam.
- communicate with an another person during a test.

Otherwise

- the least severe sanction, getting a zero grade on the exam or assignment.
- Any time I do this the student may ask to be judged by the honor court instead, and I will grant that request!
