

Pervasive and Mobile Computing
(Mobil Teknolojiler için Veri İşleme Teknikleri)
BLM5134

Assist. Prof. M. Amaç GÜVENSAN

ASSIGNMENT - 1
(Due to 26/03/2017)

You are asked to prepare a report about the available dataset repositories (address, number of datasets, categories, and etc.) available on Internet. Then, you should report about the ones especially related to mobile technologies such as activity recognition, transport mode detection, sleep quality analysis, etc.

Your report would also include the following details about the dataset

- The number of instances
- The number of attributes
- The type of attributes
- Missing values
- Default task (classification, clustering, regression, ...)
- Year
- Citation info (the name of journal or conference papers)
- Any additional information

ATTENTION

- You should prepare a PDF document and submit it via an e-mail to amac@yildiz.edu.tr.
- For e-mail subject and attached file use your name and surname.
- E-mail Subject: **BLM5134_Assignment_1_Name_Surname**
- Attached Filename: **Name_Surname.pdf**
- Assignments that don't comply with submission rules will NOT be evaluated. "NO EXCEPTION".
- **Your report should be written in IEEE format.**
